

Antioch Will Have Main Street—Always

BUSINESS CLUB SPONSORS HUGE PUBLICITY PLAN

Appraise Community, Then Tell the World, Speaker Advises

REGION HAS "IT"

"Appraise your community, determine definitely what you have to sell, then tell the world by advertising." That is what R. A. Knoff of the advertising department of the Milwaukee Journal, told members of the Antioch Business club and resort owners assembled at the M. E. church Monday night at the monthly meeting, where the problem of advertising the northern Illinois lake region was the main topic of discussion. Mr. Knoff's words of wisdom are the result of forty years experience in advertising, as particularly related to locating and "selling" the beauty spots of Wisconsin to the resorters and tourist.

"Many places have not much to attract the resorter, yet through advertising and 'dressing up' and naming the principal points of interest these localities have become widely known and enjoy an annual tourist and resort of business is immensely profitable," said Mr. Knoff, who knows what he is talking about. "It's different around Antioch," continued the speaker. "The Illinois lake region really has something, and lots of it. Numerous lakes and streams, splendid roads, fine golf courses, hundreds (Continued on page eight)

CANDIDATES RUSH PETITIONS AS FILING TIME NEARS CLOSE

Thirteen petitions of Antioch township aspirants for office now grace the archives of Town Clerk C. F. Richards, three filed yesterday bringing the number from ten up to the lucky or unlucky, thirteen. Those filing yesterday were Joseph C. James, for supervisor, William H. Regan, for justice of the peace, and Harry Schumacher, for constable.

One supervisor is to be elected, and voters on April 2, will have a choice of three—William A. Rosins, Frank B. Kennedy, and J. C. James. Sam Tarbell, Frank Hunt and William Regan complete the slate of candidates for justice of the peace. Two are to be elected.

Seven seek Constable Job. Most numerous of the candidates are those who seek constable jobs. Seven candidates have filed petitions, and but two are to be elected. Here are the names that will appear on the ballot: Thomas E. Burnette, Frank Mastine, Harry Messinger, Carl Anderson, Milton Crandall, James F. Horan and Harry Schumacher.

Business Club Plans Farce to be Given Two Days Next Week

To add to publicity funds, members of the Antioch Business club will present a popular farce, "The Womanless Wedding," in the Antioch High school auditorium Thursday and Friday, March 21 and 22, at 8:15 o'clock.

As the name implies, all the characters are represented by men. The story concerns a large, proud and wealthy family whose daughter marries the son of an equally proud family. The young woman in question has a year old brother who, with his capers with his mammy nurse, affords the audience hilarious fun. A most unusual group of guests which congregates for the nuptials stages many clever and farcical situations.

The dialogue is clever and carefully written to make the show suitable for all to enjoy and appreciate.

INDEMNITY SOUGHT BY RAY PADDOCK TO AID FARMERS

Losses May Be Paid If Notice is Given to Senator

To indemnify farmers who lost cattle during the testing in 1926, and who for some reason have not been reimbursed for losses sustained, Senator Ray Paddock, Wauconda, senator from the eighth district, has introduced a bill.

Since the cattle were tested three years ago, it has been difficult to get a complete list of those who have not been indemnified, according to Senator Paddock, and it is desired that a more complete list of those entitled to indemnity be obtained immediately. Persons who have not received indemnity which is deserved, should make their claims known to Senator Paddock, to the Illinois Department of Agriculture, or to THE ANTIOCH NEWS.

The bill follows: For an Act for the payment of indemnity on cattle slaughtered due to reaction to the tuberculin test and making an appropriation therefor. Be it enacted by the people of the State of Illinois, represented in the General Assembly:

Section 1. The sum of \$3,300 or so much thereof as may be necessary, is appropriated to the Department of Agriculture to reimburse the following named persons who have not been fully performed during the first five months of 1926 and which were therefore slaughtered, in the amounts indicated as follows, giving the name, the number of head of cattle, and the amounts: Burton Anderson, 2, \$60; Henry Russell, 16, \$480; A. G. Hasemann, 11, \$330; Ernest E. Engel, 7, \$210; Frank Hein, 4, \$120; Arthur Bernardoni, 1, \$30; Fred Steig, 7, \$210; W. E. Jackson, 2, \$60; C. G. Brainard, 22, \$660; John Shea, 6, \$180; Peter J. Freliders, 13, \$390; R. M. Bean, 7, \$210; W. E. Sullivan, 4, \$120; M. C. Wilcox, 1, \$30; and Henry Quendertold, 10, \$300, making a total of \$3,300.

Section 2. This appropriation is subject to the provisions of "An Act in relation to State finance," approved June 10, 1919, as amended.

STATE EXAMINATIONS BEING TAKEN TODAY BY CIVICS STUDENTS

Pupils of Seventh and Eighth Grades Write Test Papers.

Illinois state civics examinations are being given the pupils of the seventh and eighth grades of the Antioch schools today.

The tests are considered unusually important since the grades are held over on the eighth grade final marks.

PUPILS OF GRADES PRESENTS PROGRAM AT HIGH SCHOOL

Dan Williams Gives Talk on Antioch's Early History and Settlers.

JOHN MURRIE PLAYS

Featured by a talk by Dan Williams, eighth grade, nine Antioch Grade school pupils gave a program at the high school yesterday morning.

Others on the program were Harold Nelson, who sang a solo, Junanita Bernice Jensen, who discussed the work of the civics classes during the year; Dean Williams, who played two accordian solos, Rainbow Round My Shoulder and Among My Souvenirs, responding with My Blue Heaven as an encore; John Murrie, whose piano solos, Future Capital March and Carry Me Back to Old Virginia (with variations) were enthusiastically received, as was his encore number, Under The Double Eagle; and Betty Hunkle, Lila Dalgaard, Bobby Hunt, and Junior Blackmon who sang The Whippoorwill Song, and The Auto Song, Junior Blackmon sang Tom, Tom, the Piper's Son, as a solo. John Murrie accompanied all selections.

Old History Given History of the founding of Lake county was given by Dan Williams. Some of the information delivered by Dan in a pleasing and expressive manner is included in the following paragraphs.

"The name of the county was derived from the 100 or so lakes in the district. Captain Daniel Wright was the first white settler of this territory, coming in 1834. The first marriage was that of Mr. Wright's daughter and William Wigham. It was not until 1839 that Lake became a county separate from McHenry. The village now known as Libertyville was the first county seat. The community was then known as Varden's Grove, later as Independence, still later as Burlington, and finally as Libertyville.

"In order to keep expenses as low as possible, it was decided not to build a courthouse, but instead to rent rooms over a general store. Since there was no permanent building it was comparatively easy to change the county seat to Little Fort, or the community now known as Waukegan. The change was made because the population was centering in Little Fort.

Land Tracts Awarded "First government land tracts were awarded in 1836 to Thomas Warner, Darius Gage and Thomas Q. Gage, Thomas Warner settling at Loon Lake, and the Gage brothers where Antioch now stands. Thomas Gage built a cabin where the Antioch hotel is now situated. A feature of the cabin was the large (Continued on page four)

REMEMBER NOW?

Ames, Calahan, Cribb, and Pullen Are Some of The Names Remembered by Old Resident.

Fifty-five years ago Spurgeon Bright lived in Antioch. Now he lives on Route 2, LaCrosse, Wisconsin. Last week's ANTIOCH NEWS carried a story asking if anyone remembered Mr. Bright. In the meantime, he has sent to THE NEWS a list of names of persons he remembers.

The list follows, and Mr. Bright is anxious to get in touch with any who are yet living. In some cases he remembers only the last name: The list: Ella and Nelly Collier, Ida Calahan, Mae Gage, George Hall, Marsh, Grimm, Conrad, Nelson Pullen, Haines, Miller, Fisher, Ames, Gallon, Hoyt, Collis, Cribb, Ring, Williams, Quinlen, Coon, French and Webb.

Mr. Bright lives one mile from the city of LaCrosse and has a little grocery store and a table for tourists.

May Queen

Miss Belle Brocknough of Lafayette, Ind., has been chosen by the students of Sweetbriar college, Virginia, to be their queen at the annual May day festival to be held on May 3.

KING GIVES TALK TO 1500 FARMERS AND DAIRYMEN

Arbiter Speaks at Fourth Annual Meeting of Pure Milk Group

Antioch and Bristol were well represented at the fourth annual meeting of the Pure Milk association held in Chicago at the Morrison hotel this week. Fifteen hundred dairy-men-farmers were present from the state.

Frank Flester was elected director from Lake county district at the morning session. One thousand farmers sat down to the banquet at noon. During the dinner hour entertainment was furnished by Ole Olsen, popular WLS entertainer, who gave a demonstration of a city dairyman.

Dr. Clyde King, Philadelphia, arbitrator during the recent milk strike, spoke. In his talk he told that farmers in Philadelphia spend \$150,000 annually to advertise milk. Dr. King outlined seven essentials in the milk industry. The essentials are: the farmer must study the market; the consumers must be kept informed; the basis of competition should be and must be quality; public opinion must be left to solve problems; facts must be the farmer's guide; organized milk for the farmer, buyers, and consumer; and lastly only through hard work can the farmers be successful.

Other speakers were: Prof. A. Holt, Dr. Wamsley, representative of the Borden Milk plants; J. Kuehlman of the Bowman plants; and Miss Fribley of the Facts Flaming committee.

Among the 100 in attendance from the Antioch and Bristol locals of the Pure Milk association were: B. J. Gilmore, Bristol, who made the nomination for director from his district; H. C. Gikerson, county farm adviser; Lewis Kufalk, Thomas Lyons, and the Rev. A. M. Krah, who opened the meeting with prayer.

Membership in the Pure Milk association has increased as the following figures show: 1926—340 members; 1927—1,809 members; 1928—3,339; and 1929—13,000 members.

Medieval Castle Built by Pupils of Sixth Grade

Medieval warfare in all its glory is suggested by the castle just completed by the sixth grade pupils of the Antioch school, under the direction of Miss Isabelle Harwood.

The castle is a massive affair, appearing to be built of gray stone with ivy twining over the sides of the building and over the huge, bulky wall which surrounds the court yard. The towers of the castle stand majestically, surveying all the territory within command.

High wooden gates guard the en-

QUESTION OF NORTH AND SOUTH LINE OF DIVISION IS BEFORE BOARD NOW; CIVICS STUDENTS WORK ON PLANS

Increase of Tax Levy Will be Put Before Voters At Election April 16; Ordinance Passed At Special Meeting

Antioch has a Main street and probably Antioch will always have a Main street. The question now is whether there shall be a North and South Main—or just a Main.

Main street is as doomed to carry the name Main as a branded sheep is to carry the mark of the ranch. A week ago many townspeople agreed that Main street wasn't the name for the chief thoroughfare of Antioch. Herbert J. Vos, member of the Village board then announced that if any action were taken it would have to be taken before last night.

Evidently no one had ambition enough—or shall we call it encouragement?—to take the matter before the Village fathers, and although the matter of naming Main street has been delayed for one more week, it is highly improbable that anyone will object to the name of Main street.

Don't Want Division

Eugene Runyard, attorney for the Village, was present last night at the special meeting of the Village Board and read an ordinance to the effect that Lake street should be the dividing place of Main street, and that there should be a South Main street and a North Main street, and that numbering of houses should be started with number one at Lake street and increasing toward the north and toward the south, respectively.

It was suggested by the Board that there be no North and South Main street and that numbering start at the state line and increase going south.

It was then that the Rev. A. M. Krah, representing the Civics department of the Antioch High school, told how the high school students have been making a survey of the village and have been numbering houses on a plat. Mr. Krah displayed the chart upon which L. O. Bright, Mr. Krah, and the students had been working. Numbering would start at the state line, and 20 feet would be allowed for each number. The system followed is the most up-to-date and the most practical one advocated by leading engineers of the country.

May Purchase Numbers

The Board members expressed pleasure with the work of the high school, and it was decided that another ordinance should be drafted by the Board. Another meeting was called for next Wednesday night, when it is hoped that disposal of the street numbering and naming may be made. The Board suggested that the Civics students be present at that time.

Whether the Village should buy the numbers for houses was also discussed, and although the consensus of opinion seemed to be in favor of such a purchase, no action was taken.

An ordinance was passed, however, to the effect that all streets be named, and that name plates be erected at all intersections.

It's Up To Voters

It was also decided by the Board that there should be an increase in tax levy, subject to the voters at the election April 16, 1929. The tax rate now is 2-3 of one per cent, and the increase would be not to exceed .875 of one per cent. The increase, being so small, it was brought out, would scarcely affect the individual voter but would add \$1,400 to the Village treasury for general expenses. The Village now has only approximately \$4,300 for general corporate purposes.

A letter was read from the Public Service company in which the company stated willingness to take poles off Main street providing streets or alleys be opened east and west. The matter was tabled, however.

ODD FELLOWS ARE HOSTS TONIGHT

Odd Fellows of Antioch are to be hosts tonight to representatives of Lake county. It is expected that 150 will be present. Herman Cubbons is in charge of the committee preparing for the supper.

Household
Hints

Golden Peach Pie Tasty and Dainty

YOU can prepare a dinner for six people at a cost of two dollars and make it taste as if it cost a lot more if you'll use the following menu:

- Consomme
- Veal Patties
- Buttered Onions
- Succotash
- Rolls and Butter
- Golden Peach Pie
- Coffee

Two cans of consomme will cost 20 cents. Two cans of veal loaf for 48 cents. This, plus a few cents for left-over mashed potatoes from the day before will make the patties cost 51 cents. Buttered onions, 15 cents; a can of succotash, 25 cents; rolls and butter, 20 cents. A number 2 1/2 can of sliced peaches costs 29 cents and the other ingredients for the pie, bring the total cost to 49 cents; coffee is 10 cents. This amounts to \$1.90; the extra 10 cents can be used for fuel and incidentals.

To make the veal patties, remove the veal from the cans and cut it into neat pieces; pile cold mashed potatoes left over from the day before on the patties and place in a hot oven to warm and brown. Remove from the oven, sprinkle with a dash of paprika and serve garnished with parsley.

All that has to be done to the can of succotash is heat the contents and season lightly.

To make the pie, line a pie-tin with pastry and pour into it the sliced peaches from a number 2 1/2 can, after pour into it the sliced them wafers thickening as desired with flour (about four tablespoons of flour dissolved in a little of the peach syrup). Cover the top with criss-crossed strips of pastry and sprinkle with bits of butter and sugar and nutmeg. Bake in a hot oven (500 degrees F.) for about fifteen or twenty minutes until nicely browned. Save the rest of the peach syrup for cocktails or sauces for another day.

Baked Apples

Wash and core apples. Mix raisins, sugar and cinnamon and stuff the center. Place a marshmallow well down in the center. Bake until tender.

THIS IS REAL

Buy this. Buy that. Take this. Take that. These and a dozen more "inviting commands" are requested of the public. And now we ask—why not subscribe for THE ANTIOCH NEWS? Once you take the paper, you will never be without it.

Bed Time Tales

ALL ABOUT WHAT THE
LITTLE CHILDREN ARE
DOING IN ANIMAL WORLD

BY V. LUDEL BODEN

Do you remember how Happy Boy Bunny and Baby Girl Bunny and Mrs. Bunny have all been visiting at Auntie Silkie-ears' home in the city? Remember the party the Bunny children had for some very poor animal boys and girls?

"Well, early this week Mrs. Bunny and her two Bunny children went home. But oh! such a time as they had getting there! Do you want to hear all about it? Listen!

Auntie Silkie-ears went to the train with the Bunny family early Monday morning. Oh, it was such a cold, cold day! The city is much farther south than where the Bunnies live. As Mrs. Bunny kissed Auntie Silkie-ears goodbye, she said that she imagined it would be very, very cold and wintry when she reached home.

Mrs. Bunny expected to be home the same day she started, but guess what! The train had not gone very many miles until it stopped. The conductor came through the train calling:

"Snowbound! Train probably cannot leave before six hours."

"Goodie, goodie!" said Happy Boy Bunny. He clapped his hands he was so happy. "I always did want to be snowbound!"

"I'm hungry," said Baby Girl Bunny. "What will we do for something to eat?"

The conductor, who was going by as the little Bunny Girl spoke said: "Don't worry, little girl, you will have plenty to eat as we have a dining car. Would you like to have something to eat now? It isn't time for lunch but I know that children get hungry."

"We're both hungry, I guess," Happy Boy said. There were several other Bunny children and some Squirrel children on the train, and all of them were hungry so the nice old conductor took them to the dining room. There he ordered sandwiches, cookies, and milk. Oh, how everyone

Patou Evening Gown

A Patou model evening gown of gold striped pompadour taffeta in shades of rose and blue. The neckline is repeated in the line at the bottom of the bodice and the skirt shows flared tunic with a train achieved by a double fold of taffeta extending to the floor.

Bathrobes Need Care

Getting up these chilly mornings isn't so bad if there's a bath robe hanging near the bed.

To keep the family bath robes in good condition, they should be gone over every once in a while with a view to repairing torn pockets and replacing lost buttons or snappers. As soon as they show signs of soil they should be washed carefully to keep the wool soft and fluffy.

Immerse the garments in a tub of lukewarm soap suds, taking care not to twist them, or the material is likely to shrink and warp. As soon as the soap suds become dirty, replace with clean water and fresh suds. Throughout the process of washing and rinsing try to keep the water an even temperature.

If possible, place the garments on wooden hangers to dry, as clothespins are likely to pull them out of shape. Do not expose them to too great heat. A warm room or a warm sunny day out of doors is best for drying.

Did You Ever Try These Recipes? Do, Please.

TREVOR RECIPES

Eight ways of preparing cabbage. Just imagine! The recipes are from Trevor and so they're fine, of course. Cut apple into cubes 1/4 inch in size, cut 3 or 4 stalks of celery into cubes of the same size.

Chop cabbage into fine pieces, or shred. Mix enough salad dressing into the mixture to hold it together. If apple has a nice peeling cube apple before paring to give color to salad.

Cabbage, Pineapple, Marshmallow and Nut Salad.

Chop or shred enough cabbage to fill 2 cups, cut 2 slices of pineapple into cubes, cut 4 marshmallows into small pieces and combine mixture. Mix with salad dressing which has been mixed with whipped cream.

Cabbage, Coconut and Pineapple Salad.

2 cups chopped cabbage
2 heaping tablespoons of coconut
2 slices of diced pineapple
Salt and pepper to taste
Add enough whipped cream to moisten.

Escalloped Cabbage and Tomato

Steam chopped cabbage until partially tender.

Place a layer in a buttered baking dish, and add a few cracker crumbs. Add salt and pepper. Pour over a small amount of strained tomatoes. Repeat until dish is three-quarters full.

Sprinkle with grated cheese and bake in oven 20 minutes.

Sour Cream Cabbage Salad

Chop 2 cups cabbage fine and mix with a dressing made of 1/4 cup sour cream, 2 tablespoons diluted vinegar, 1 tablespoon sugar, salt and pepper. Green pepper and onion may be added. This dressing may be made with sweet cream.

Sweet Sour Cabbage

Boil in small amount of water 2 cups of chopped cabbage until tender. Melt 2 tablespoons butter, 1 tablespoon vinegar and 1 teaspoon sugar, salt and pepper to taste. Mix cabbage in dressing and reheat. Serve hot.

Pat's Whole Wheat Griddle Cakes

1 cup whole wheat flour
1 cup pastry flour
1 teaspoon salt
3 teaspoons sugar
2 tablespoons corn meal
5 teaspoons baking powder
2 cups milk
1 egg
5 tablespoons cooking oil or melted shortening.

Mix all dry ingredients thoroughly. Add milk and well-beaten egg. Add melted shortening and bake on moderately hot griddle. This makes from 20 to 25 cakes. If a thinner batter is required, simply add more milk.

FOR SUPERVISOR

I hereby announce my candidacy for the office of Supervisor of the Town of Antioch, subject to the will of the voters at the election April 2, 1929.

William A. Roseng.

LAKE VILLA WOMAN'S CLUB TO ENTERTAIN OTHER ORGANIZATIONS

Antioch, Grayslake, And Fox Lake Groups Are Invited.

The Woman's club of Lake Villa entertained the community at the church last Tuesday evening with a program of music, readings and a talk on "Water and Sanitation" by a sanitary engineer of Chicago, who gave some interesting information. The Woman's club quartette of Grayslake furnished some delightful numbers. Mrs. Martin and son of Millburn played a piano and violin duet in a pleasing manner, and the assembly enjoyed the readings by Alice Seeger, Ruth Cannon, Bojan Hamlin and Catherine Boehm. On March 19 in the afternoon, the Lake Villa club will entertain the Grayslake, Fox lake and Antioch clubs at the church.

Mr. and Mrs. James Leonard have opened their home here again after a three months' stay with their daughters in Chicago.

William Schwenk, Gary, Indiana, spent Sunday with friends here.

Mr. and Mrs. James Kerr had as guests over Sunday, Mrs. Harriet Mitchell, Mr. and Mrs. George Mitchell and daughter, Helen Ann, Mr. and Mrs. Ray Kerr, all of Chicago.

Mr. and Mrs. Paul Avery and family went to Chicago Saturday evening returning Sunday and Miss Ruth stopped in Waukegan at the Holy Child school where she is a student.

Miss Evelyn Swanson, Waukegan, spent Sunday with her parents here.

Mr. and Mrs. A. M. Douglas called on Mr. Douglas' aunt, Mrs. Ellen Smith, in Waukegan Monday.

B. J. Galiger was thrown last week Thursday when the pony he was riding, stumbled and his leg was broken. Mrs. B. J. Hooper and her sister, Mrs. Eleanor Kunzer, were in Chicago a few days last week.

Mr. Peter Mork had his two daughters from Chicago as guests last week and they visited Mrs. Mork at the hospital. She is doing nicely.

Roy Nader returned Monday evening to his aviation camp near St. Louis where he is in training. He was home with his parents more than a week, and enjoyed his furlough with family and friends.

Mr. and Mrs. Joe Heucker celebrated their twenty-fifth wedding anniversary Sunday at their home with a family dinner party, which numbered about 50 relatives from Chicago and this vicinity.

Mr. and Mrs. Dahlmann, Chicago, visited their son, Charles, at the parsonage Sunday.

Lake Villa School Notes

Parents and friends of the school are urged to join in some fun to be had in a Chinese laundry Friday night, March 22.

One Mile South of Antioch on Highway No. 21

'Chuck' Newhouse AND HIS Artists of Modern Dance Rhythm SAT., MAR. 16

TO DANCE LOVERS

Following policies of former years, the Antioch Palace will have only the best dance orchestras, furnishing only the highest quality of music. The Antioch Palace is known throughout the midwest as being one of the cleanest amusement places of its kind. That's why the Palace is becoming more popular each year.

COMING ATTRACTIONS

'LAND o' LAKES ORCHESTRA'

The Badger State's Unique Rhythm Masters

Saturday, March 23

Open Every Night for Bowling and Billiards

have been received by Marvin Walker, Grade 5; Veneor Adams, Grade 6; Howard Brompton, Grade 7; and Carl Nader, Grade 8.

Room One pupils have enjoyed making the furniture for the living room of the doll-house Mr. Brickman made. One made the grand piano, another the radio, another the davenport and so on. The children have sent for sample rugs to cover the floor. The walls are papered and drapes are at the windows.

Grade Two are enjoying the new readers recommended by T. A. Simpson. The stories are all new and interesting.

Julie Hall received 100 per cent in spelling for the week and William Walker wrote a perfect paper in the county history test.

The Sixth Grade is making health posters. These will make suggestions for the members of Grade Eight who want to prepare posters for their final work.

The "Snappy Group" is planning a St. Patrick's party for Friday night. Shades have been placed in the "Lantern Room" to better control the daylight when slides are being presented.

EVERGREEN TREES

An evergreen is a tree which stays green all winter; that is to say, the leaves do not fall in autumn, as do the leaves of deciduous trees. Many evergreens are conifers (cone-bearing trees), but not all conifers are evergreens.

Spruce is a familiar evergreen. It was so named because it was first known as a native of Prussia—French "Prusse," and Middle English "Pruse" or "Spruce." Spruce is an old name for Prussia. Fir is an old word, long in the language, always used for the name of the tree; pine is Latin, also the name of the tree which it designates to-day. The hemlock has also been long in the language.

There are evergreens which are not trees. Almost all tropical plants, botanically speaking, are evergreens. The holly is an interesting northern evergreen, much used for decoration purpose at Christmas.

The rhododendron is an evergreen shrub. Its name, according to Webster's New International Dictionary, comes from the Greek words meaning literally "rose tree." It was so named because of its large flowers.

Other evergreens of the north include certain varieties of the cedar, ivy, laurel, etc. The words are all "old"—that is, they have been in the language for centuries, often nearly in the forms we know to-day as the names of these plants or similar plants.

Martha Pineapple Pudding

Drain one cup of pineapple syrup from a can of sliced pineapple. Cook with one-half cup of cold water, juice of half a lemon, one-half cup of sugar, and two level tablespoons corn starch. Cook in double boiler until clear. Take from fire. Stir in beaten whites, and one cup pineapple cut in cubes. Set in slow oven in buttered baking dish for 20 minutes. When cool top with whip cream and pineapple slices.

Stop the DEATH OF BABY CHICKS

More than one half of the baby chicks hatched this year will die before maturity because of various diseases. You can help prevent this frightful loss in your chicks by feeding INTERNATIONAL Health Chick Mash.

Besides containing nutrients necessary to life and growth, INTERNATIONAL Health Mash contains WOOF. WOOF chases away disease, keeps your chicks vigorous and thrifty. Restores vitality. Strengthens sickly chicks. Keeps them coming in fine condition.

Poultry Book Given Free

Written for poultry raisers by a practical, experienced poultryman. It will help you make more money on your poultry. Ask for your copy.

WOOF is the result of years of experiment to improve poultry feeds so they will build healthier chicks and cut down the terrible yearly loss. WOOF is a combination of 25 digestive stimulants which, added to a properly blended mash, greatly increase the value of the feed because WOOF aids digestion and assimilation. This combination of digestive stimulants is called WOOF so you can identify it. Ask for the International Health Mash with WOOF. Get a trial order of International Health Chick Mash and let the results prove its value. We guarantee better results at lower cost.

INTERNATIONAL Health Chick Mash

contains the following ingredients: Nutrients—pure corn meal, pure wheat flour middlings, oat groats finely ground, old process linseed oil meal, alfalfa meal, triple ground, dried buttermilk, sifted meat scraps, pure raw bone meal salt; and 25 of Health Ingredients (WOOF), consisting of GENTIAN, EPSOM SALT, IRON OXIDE, SODA HYPOSULPHITE, COPPERAS, CAYENNE, AFRI-CAN GINGER AND IODINE MIXTURE.

NOTE: This is an all-mash ration, prepared with or without cod liver oil. No other chick grains need be fed.

Other International Health Poultry Mash:

INTERNATIONAL HEALTH Growing Mash (feed from eight weeks to laying age);

INTERNATIONAL HEALTH Egg Mash (feed for maximum egg production);

INTERNATIONAL HEALTH Poultry Fattener (feed to fatten poultry for market.)

EUGENE A. WILTON HELPED ORGANIZE FARM INTERESTS

Believed in Co-operative
Movements of Dwellers
in Rural Sections.

Sunday noon of last week, marked the passing of one of the best known men of the county, when Eugene A. Wilton died at his home in Lake Villa. The end came suddenly, due to apoplexy. Mr. Wilton has been under a doctor's care for some time, because of heart trouble, but his family or friends did not realize his immediate danger.

Eugene Wilton was born in Chicago, June 18, 1864, but soon came to Lake county with his parents, when they purchased the farm on Fox Lake now owned by Otto Lehmann.

February 22, 1897, he married Nellie Burnett of Antioch, and moved to the farm just south of Lake Villa, where he lived 25 years, later moving to his present home in the village of Lake Villa.

Conceived Idea

During the last 20 years, a great part of his time was given to furthering the dairy farmer's interests—through organizing the Milk Producers' association. He was one of the three men who conceived the idea of farmer organization in the Chicago market, and, perhaps, his ill health is partly due to the days and nights spent traveling to talk at farmers meetings to organize the dairymen of the Chicago district. He was a pioneer in this work, and, like all men, endowed with vision—never relinquished the hope that the farmers could organize for the protection of their interests.

Mr. Wilton had served as assessor in his township since its formation, also a trustee of the village and held many other offices of trust bespeaking the high regard in which he was held by his neighbors and associates. He stood firmly for what he thought was right, and, as Dr. Bundesen said a few weeks ago, "He was a great battler."

He leaves his widow and two sons, Oliver N. and Howard J., his grandson, Oliver J., and two brothers, Thomas R., and Arthur W.

He leaves this world carrying with him the respect of his fellow men, the love of his family, to whom he was kind and indulgent father, and the reputation of an honest man.

Services were held in the Lake Villa M. E. church, and burial was in the Antioch Hillside cemetery.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the many acts of kindness shown us during our recent sorrow.

Mrs. Nellie Wilton and Sons.

Illinois Health Director
Sees New Danger Arising
To Communities.

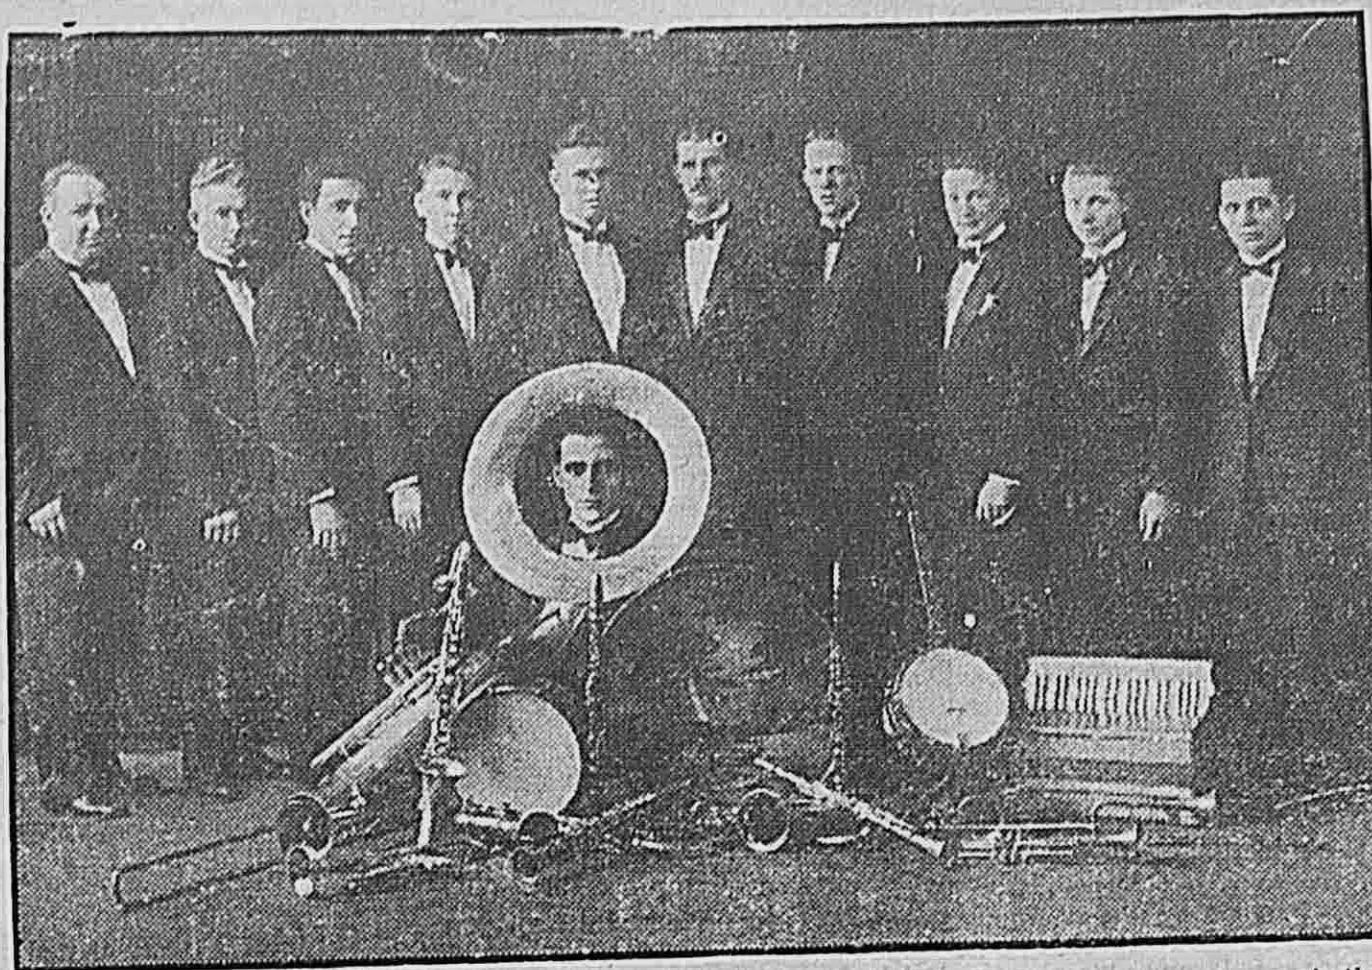

Springfield, March 14—Air traffic is likely to have a profound influence over the future city planning, particularly from a sanitary and health standpoint, according to Dr. Thomas H. Leonard, acting director state health department, who points out that the subject of airway terminals is already agitating the minds of both state and national legislative bodies. Both the airplane and the automobile will encourage a dispersion rather than concentration of municipal population so that mistakes in current plans for sewer, water and street projects are apt to prove extremely costly for rising generations.

Two Are Related

"In the past, railroad and waterway craft have favored the concentration of municipal inhabitants into densely populated areas of limited dimensions. The automobile and especially the airplane will encourage a spreading of community population over a wide area. Municipal growth in the future is likely to develop with the airport as a hub just as railroad and steamship terminals have constituted the hub of community expansion in the past.

"Mistakes in city planning in the past have cost prodigious amounts in money, health and effort. Plagues of cholera, typhoid fever, dysentery and tuberculosis have added incalculably to the overhead incurred because of bad water supplies, inadequate and unsanitary water and sewer systems and poor housing. Valuable property has been abandoned and streets have been widened at tremendous expense because neither the magnitude nor the character of municipal growth was anticipated in even

Popular Orchestra Feature at Palace Opening

Gangway! For none other than "Chuck" Newhouse and his artists of modern dance rhythm, inventors and makers of whoopee, who are to entertain Saturday night at the season's opening of the Antioch Palace, northern Illinois' largest and finest recreation auditorium. Following the policies of former years, Manager Richard Macek has announced that he will engage only the best dance orchestras to furnish the highest quality music. The Palace is becoming more popular each year and is known as one of the cleanest places of amusement in the middlewest.

COUNTY HOLSTEIN HERDS ARE GIVEN HIGH GRADINGS

Inspection Is Among First
To Be Held in The
United States.

Among the first Holstein herd inspection work to be conducted in the United States was conducted this month by the inspection committee of the Holstein Breeders' association, which visited the farms of Wray Brothers, Grayslake, and of Horace Kappe, also of Grayslake.

The herd inspection committee consisted of five stock authorities from all parts of the United States and has conducted a group inspection of eight Holstein herds, all located in Illinois. Three cows at the Wray farm were classified as "very good," while one cow on the Kappe farm received the same classification. One cow on each farm was classified as "fair" while other cattle on both farms were termed "good."

Usually Some Poor

According to Farm Adviser H. C. Gilkerson of the Lake County Farm bureau, is is only an exceptional "show" cow which is classified as excellent. It is also unusual for herds to be classified as excellent. It is also unusual for herds to be classified without the discovery of some "poor grade" stock. The fact that no poor stock was found indicates that the Lake county herds are of good calibre, he said.

The Holstein committee, whose members come from widely separated parts of the country, gathered in Illinois because it was a centrally located section in order to make group inspections of a few Holstein herds and to reach agreement on points to be considered in judging herds.

After a few group inspections, the various members of the commission will return to their respective districts and further inspections and classification of herds will be made by the individual members of the committee who will forward their reports to the national headquarters.

Hope to Eliminate

It is hoped, however, that the present joint-inspection will establish a common basis for judgment. The Lake county herds were among the first to apply for inspection, and because these herds were regarded as typical.

The purpose of the inspection be approximately accurate terms. Must Think Ahead

"The inevitable growth of airway traffic in the future will unmistakably encourage community growth around terminals but homes will be constructed over wide areas. This will make necessary a new type of water and sewer systems and a new technique in such things as quarantine enforcement.

"England was free from rabies for a hundred years, but after a century of vigilant quarantine of incoming dogs at steamship ports an infected canine got into the country in a plane. Now the problem of rabies is open again. Infected people can be transported in airplanes too so that large numbers of people might be exposed in a short time.

"These questions relate to important problems that are just around the corner in community life. City and regional planning as well as legislation bearing upon municipal airports ought to give due consideration to these things in order to avoid errors no less costly than those committed in the past."

ing sponsored by the Holstein Breeders is to eliminate the poor stock which exists among American Holstein herds.

Members of the committee who made the inspection were: H. W. Norton, chairman, Vermont; Ward Stevens, New York; J. Moscrip, Minnesota; Professor Kildee, University of Iowa College of Agriculture; J. Meade, California; F. Miller of Ohio; and Prof. Shafer of the University of Wisconsin College of Agriculture.

Soil Testing School

A soil testing school was held at the Farm Bureau building, Grayslake, last Friday.

Professor Clyde M. Lindsley of the soils department of the University of Illinois was in charge of this school conducted under the auspices of the Lake County Farm bureau.

BIRTH RATE HITS NEW LOW LEVEL

A falling birth rate that reached its lowest level in the history of the state last year, coupled with a slight rise in mortality, due partly to the influenza epidemic, cut down the net increase in population from natural sources to only 39,474, scarcely one-half of one per cent. This fact was disclosed in statistics made public recently by Dr. Thomas H. Leonard, acting state health director, who pointed out that the 129,66 birth and the 90,194 deaths recorded during 1928 give rates of 17.53 and 12.2 per 1,000 respectively.

Contest closes March 30 at 8 o'clock when three disinterested judges will announce the decision.

Our Own Folks Sell Our Service

WITH the aid of its 31,000 employees, the Illinois Bell Telephone Company is conducting an active educational and selling program to instruct telephone users in the best and most effective ways of using their service and in an effort to put adequate telephone facilities into every home.

Good telephone service requires: (1) that telephones be answered promptly and users speak distinctly; (2) that every home be equipped with adequate and conveniently located telephone facilities, for a telephone always within easy reach means prompt answering; (3) that more persons install telephones in their homes, for the greater the number of persons who can be reached by telephone the more valuable the service.

A telephone extension may be installed to advantage in almost every room in your house or apartment. The cost of telephone extensions is small.

BRISTOL FARMERS AND WIVES ATTEND BANQUET SATURDAY

Short Talks and Musical
Numbers Are Features
of Program.

The first banquet given by farmers in this locality was held Saturday in the Bristol Community hall and proved to be a big success. Over 220 farmers and their wives attended. The dinner was served by members of the M. E. Ladies' Aid society. Several musical numbers were furnished during the dinner time by Ed Stratton, clarinetist, Edward Alsted, violinist, and Mrs. Ed Stratton, pianist.

Frank Roberts, Woodworth, was chairman of the program committee. The first number on the program was "Welcome The Farmers In," words of which were composed for the occasion and sung by the Rev. David Johnson, tenor; Mrs. Zelba Runge, soprano; Mrs. Nettie E. Gethen, alto, and Jay Edwards, bass. The first speaker was Attorney Newton Jenkins, Chicago, one of the fact-finding committee, who spoke on what the committee learned from its investigations. Other speakers were: William McQueen, Elgin, president of the Pure Milk association, who spoke on "The Future of the Organization;" P. Hutchinson, Evanston, the representative for Dr. Holt, who is presi-

dent of Theological school in Chicago, who talked on the condition found upon his visits among the dairymen; and the Rev. A. M. Kahl, Antioch, who had the subject "Ethics of a Strike." Mr. Van Alstine, manager of the Kenosha Milk Producers' association plant, also gave an interesting talk. E. V. Ryall, Kenosha County agricultural agent spoke on "Co-operation." All the speakers gave instructive talks. The several topics were interspersed with several numbers by a male quartette composed of the Rev. Johnson, Freeman Higgins, Jay Edwards and Edward Stratton.

Mrs. Harry Tillotson, Pikeville, who underwent an operation for the removal of the appendix last week in the Waukegan hospital, is considered doing well.

Mrs. Belle Fox and daughter, Mrs. Lois Laursen visited Mrs. Carrie Fox in Zion City Monday.

The Jesse Stewart family entertained Mr. and Mrs. Lem Oskins, Russell, Sunday.

Five Antioch Pupils Have Perfect Papers In Flag Examination

Two perfect papers from the Antioch eighth grade and three from the seventh grade were received in the examination bringing to a close the flag contest sponsored by the American Legion co-operating with THE ANTIOCH NEWS and the public schools.

Perfect papers from Antioch were those written by Bernice Jensen, Hazel Hawkins, Marjorie Singer, Adele Miller, and Marjorie Crowley. Many papers had unusually high marks, and in some cases only a part of one question was incorrect. There were 30 questions in the list. Silk flags were awarded as prizes for the schools.

In the rural districts the flag is awarded to pupils of the Emmons school because of the paper submitted by Herman Edlmann. The paper was correct. T. A. Simpson, county superintendent of schools, graded the examination papers, and from his remarks Dr. G. W. Jensen, local legion member in charge of the contest said that honorable mention should be given to the following from rural schools: Margaret Smith, Grass Lake, first; Inger Jepson, Bean Hill, second; and Anna Edlmann, Emmons, third.

Dr. Jensen, in commenting on the contest said that the legion wishes to express sincere appreciation for the co-operation of the teachers, since without the aid of the school instructors, the contest would not have been successful.

An editorial regarding the contest appears on today's editorial page.

PUPILS OF GRADES PRESENT PROGRAM AT HIGH SCHOOL

(Continued from first page) room in the front of it. The room was used for public meetings of all kinds and for dances. The first election of town officers was held in this hall. Those elected were: Dr. LeRoy Gage, moderator; H. P. Nelson, supervisor; Thomas Webb, assessor; J. H. Elliott, collector; R. K. Colls and Charles Webb, justices of the peace; Ira Webb, A. B. Paddock, and E. C. Stevens, commissioners of the highway; J. H. Elliott and Albert Webb, constables, and Robert Pollock, overseer of the poor.

Church Is Started

"The Disciples of Christ (the Christian church) held their first meeting in a new barn built by Darius Gage. The members of the group were extremely religious so when a name was wanted for the community, a group of non-members sarcastically suggested the names of Jericho, Bethlehem or some Biblical term. Little did they suspect that their sarcasm would mean anything, but the Disciples decided to use a Biblical name—hence, Antioch, after the Antioch in Syria. A name also favored for the community was Windsor, but a vote showed a two to one preference for Antioch.

"Property value in 1850 was estimated at \$88,904. The first and only saw and grist mill ever to be built in this town was built by Hiram Buttrick in 1839.

Millburn and the Scotch

"Millburn was settled almost exclusively by Scotch persons. 'Burn' is the Scotch word for creek—hence Millburn means Mill creek. Robert Strang was chosen postmaster of Millburn in 1848, but later the post-office was abandoned.

"A social organization throughout the district was The Good Templars, a forerunner of the Anti-Saloon league. The Good Templars members held together for more than 25 years.

"Daniel Head was one of the first merchants in Antioch. He is said to have trusted anyone but he sold his goods for an extremely high profit. He later started a bank in Kenosha and at the time of his death was one of the wealthiest men in the state. In 1843 Welcome Jilson came to Antioch as the first teacher.

Lakes Are Named

"One old settler built a cabin where John Pacini's home now stands and he could see the lake now called Little Silver lake. Every morning he could see the water glistening—appearing as a silver dollar, and thus the name.

"Darius Gage and a Mr. Benham were riding in the country one day, when they came to where there was an excellent view of two lakes. One lake was named Catherine after Mr. Benham's wife, and the other was named Maria after Mr. Gage's wife. As Chicago people, in later years, built around the lakes, they disliked the 'old-fashioned' name of Maria, and changed the name to Marie.

WILL HOLD MAY TERM OF COURT

Circuit Judge Clair C. Edwards has announced there will be a special May term of court which will start Monday, May 20. There are over 1,250 cases on the pending calendar, according to Circuit Clerk L. J. Wilmot.

—WITH— The THEATRES

Best Amusements of the Week In Antioch

Rotnour's Players again drew a capacity house at the Crystal theatre Tuesday night. This time with the presentation of "The Illinois Flapper," a comedy which kept the audience in fits of laughter through every act.

Tuesday's performance was to have closed the Rotnour players season here, but the genial "J. B." has hearkened to the many requests for one more show, and so John and his gang return Wednesday night to the Crystal to present by special request the play, "The Awakening of John Slater," which was the opening drama presented to an Antioch audience January 8. "Billy," the comedian, will be seen in his best role.

Wednesday night positively will be the last appearance of Rotnour's players here this season, as the Company will re-organize for the summer season at once. J. B. and his players have provided the best stage plays for Antioch people, and the members of the Company have made many friends here who will welcome their return next season.

Shop Worn Angel, Scarlet Seas, Wild Orchids. All names of leading pictures, aren't they? And they are all scheduled for the Antioch Theatre during the week. The Shop Worn Angel, with Gary Cooper and Nancy Carroll is a fascinating picture—the beautiful chorus girl with wealth in command falling in love with a poor private of the army. Scarlet Seas has for stars Betty Compson and Richard Barthelmess. Wild Orchids is an unusual picture with plenty of appeal. But with Greba Grabo there is always appeal.

PLANTING BULBS INTERESTS FIFTH GRADE STUDENTS

Flower bulbs have been planted by children of the fifth grade of which Miss Ilus Royal is teacher. The children are now making small boxes and hanging baskets in which to transplant their bulbs.

The children are making birdhouses under the supervision of Miss Isabelle Harwood, art instructor. Pamphlets are being made with various American history leaders used as themes.

Fifth Grade Pupils Sing Forth In Rhyme as Spring Approaches

Poems on "Spring" have been written by pupils of the fifth grade. Miss Ilus Royal is teacher. Some of the best poems follow.

Robert Brogan wrote: The little birds fly over our heads, And oh, how sweet they sing! To tell the happy children That spring is here again. The gay, green grass comes creeping So soft beneath our feet; And Willow Buds in silver Peep forth along the creek.

Herbert Jahmke described spring as follows: Spring is coming, spring is coming, Not much more writing or summing; Nothing but playing and sports And picking flowers of all sorts.

Blow southern wind, blow, You bring along the brightest of glow; The snow fast goes When the southern wind blows.

Robin Redbreast has donned his red vest, And is dressed in his best, All down his small chest.

Blue is the sky And also the bluebirds as they sail by Oh, don't you wish you could fly Up in the clear, blue sky?

Dean Williams' poem follows: I am glad that spring is here, And so is my little brother, Joe; Because we have a bicycle And on it we can go. We'll go to all the lakes around To take a swim and dive, Then will meet three other boys And that will make us five. We couldn't all fit on the bike, So some would have to walk, They would be rather lonesome, So with them we must talk.

Kenneth Mortensen calls his poem "Spring Is Here": Now our winter fun is o'er, And spring is once more here; We see the birds go fluttering by With backgrounds of blue skies. The roller skates once more are used, And as they go rolling down the avenue,

The boys and girls sing that spring is here, spring is here! Bluebirds, robins, and all Their merry crowd, Jump upon the window sill

Successful High School Cage Season Closes

Fast Playing Is Displayed At Tourney

Antioch Loses In Semi-Finals After Overtime Periods.

Two overtime periods were necessary for Waukegan to defeat Antioch in the semi-finals of the district basketball tournament held in Winnetka Thursday, Friday, and Saturday of last week. The final score was 20 to 18—and by those two points Antioch was kept out of the finals, but came through with third place nevertheless.

Antioch boys fight hard. Everyone knows that, and tournaments are their weakness. That is, tournaments are the strength of the local boys and they fight unusually hard in meets. Antioch did exactly what was expected—that was to give the Waukegan quintet a run for its money.

Antioch showed its usual "follow-the-ball" type of play, and consistently broke up the passing attack which has usually been Waukegan's strong point. At the end of the game the score was 16 to 16. Both teams fought madly to get the ball during the overtime periods.

Antioch 32; Warren 15

The Antioch-Warren game was "easy stuff" for the boys from Antioch. It was "Antioch" all through the game, for the lanky and quick

Plain, Cold, Facts

Tournaments are more than mere happenings for the people in Antioch. Tournaments are events. Many Antioch students, their parents, and friends went to Winnetka last week. And Antioch rooters displayed the most spontaneous cheering of any group.

Six of the 10 players in the tournament will be graduated in June, but with Cremin, Mastne, McNeil, and Bown there is still a nucleus with which to start. Seniors are Capt. Wertz, Steininger, Murrie, Sheehan, Folbrick, and Dalziel. Joe Anzinger, manager, deserves a great deal of credit for the way in which he has done his work.

In the tournament, Antioch scored 131 points, Waukegan 106. Antioch's opponents made 59 counters, while the opponents of Waukegan scored 64.

shooting Antioch players were too big and too fast for Gurnee. Antioch won 32-15.

The early part of the game provided the only close fighting in the whole tilt. Coach G. G. Reed used the Coach Roche idea of sending in his reserves to start the game, and the Gurnee boys were of a match for the Antioch seconds.

As it were, things were even until the middle of the first quarter when the varsity appeared on the scene. A few of the Antioch reserves had found the hoop, while Gurnee was just getting ready.

Sheehan and Wertz of Antioch led off in the scoring and began a series of baskets that made the score 12 to 5 at the end of the first half. The Antioch first team was taking things easy at the start, but at the beginning of the second half, Bown, the crack Antioch center, unrolled three goals in a row. As soon as Bown was through, Mastne, the other forward, made two. An occasional free throw by Gurnee was used as a punctuation point by the Antioch five.

At the end of the third quarter the score was 32 to 9. In the final quarter Antioch continued its rushing attack to net a total of 32 points, while Gurnee made six points to bring its total to 15.

The Gurnee players deserve credit for the fight they put up. They fought to the proverbial last ditch. They were too small, for the Antioch players passed over their heads, but they fought, and they had the satisfaction of scoring many points.

Practise Contest

The Antioch-Wauconda game was merely a practise game. The first string local boys started the game, piling up 31 counters. The first string men went in long enough to tally 19, making a total of 50 for Antioch and 6 for Wauconda.

A chicken dinner and dance will be given in the Danish hall Thursday, March 21, at 7 o'clock. Tickets may be obtained at the National Tea store. No tickets will be sold after Tuesday at 6 o'clock. Don't forget the card parties in the Danish hall each Monday night.

Mrs. Elsie Schroeder, Miss Ruth Schroeder, and Mr. and Mrs. George Brandt were guests at the home of Mrs. Addie Williams over the end of the week.

Willis Banks, former resident of Antioch, and now of Waukegan, visited the Antioch schools Tuesday.

These Boys Play Real Ball—Here's Antioch High Team

Upper—Anzinger, Manager, Folbrick, McNeil, Bown, Mastne, Dalziel, Coach Reed.
Lower—Murrie, Cremin, Captain Wertz, Steininger, Sheehan.

KAYOS AND EXTRA ROUNDS PLEASE PALACE CROWD

Jokinen Stops Alexander in Second Round; Drinka and Hughes Win

The truth of the phrase, "fighters that fight," used as an advertising slogan at the Antioch Palace, was never better proven than on last Friday night when Promoter Dick Macek and Matchmaker Henry Wallenwein staged a card of seven bouts that were acclaimed by fans to be the best of the season. Every one of the bouts was a real fight, and no one of the 600 bugs present could complain of not getting his dollar's worth.

Jokinen K. O's Alexander.

The sensation of the show was Ernie Jokinen's kayo victory over Grover Cleveland Alexander early in the second round after the colored lad had punched Jockey all over the ring in the first session. At the bell of the second round Ernie went after his man and seemed to have solved the two handed attack of the negro. Jokinen, always dangerous as long as he can stand on two feet, backed Alex into a neutral corner and led with a left hook. Grover ducked and lowered his guard—sock, Ernie's right snapped to the jaw. "Tweet, tweet," it was all over for Alexander who took a nice little nap for several minutes, although the bell sounded at the count of seven.

Another K. O.

With only three seconds left of the second round Joe Drinka, North Chicago, was declared winner by technical kayo over Jim Simmons, Kenosha. Simmons, in a bad way throughout the first session, managed to last until the bell. In the second he slumped to the canvas several times before Drinka's mauling blows. Jabber stopped the fight when the Kenosha lad became groggy and unable to further defend himself.

Hughes Beats Leo Freeman

The third bout in which the judges did not get a voice was the Frankie Hughes-Leo Freeman scrap. Jack Ellis was scheduled as Hughes' opponent, but failed to show up and Freeman, a stock yards scrapper, was substituted. Freeman spent most of his time on the canvas during the first two rounds; Hughes hit him with everything but the pails and ring posts, but the Irishman would slump to the floor, rest while the referee counted nine, then come back for more. The punishment was stopped in the third round, with Freeman protesting that he was able to continue.

The other four bouts went to the judges' decision.

McDowell Wins Windup

Clever fighting and cleaner hitting earned Red McDowell the decision over Joe Anderson, Chicago, in the windup event. Anderson can fight and landed many effective blows, but Red was clearly the winner, taking two of the three rounds.

Four Round Bout Is Clever

Two Kenosha lads put up a fine exhibition of boxing in the third event, Carl O'Gren taking four rounds to win the decision over Eddie Garlow. Frankie Schneider, Waukegan A. C., took all three rounds from Eddie Thompson, Chicago colored boy.

It was a real difficult task for the judges to decide the winner of the Oscar O'Hannion-Don Conn bout. O'Hannion spotted Conn about ten pounds in weight, never-the-less the lighter boy won in four rounds.

Mr. and Mrs. Frank Powles and Miss Elizabeth Gaston were in Chicago Sunday, the guests of Mr. and Mrs. Fred King and Miss Lucille King.

REED KNOWS HOW

Antioch Coach Makes Real Team Out of Local Boys; New Material.

Basketball season has closed, but the work of the players and of Coach G. G. Reed will not be forgotten.

Mr. Reed made an honest-to-goodness team of five men. In fact, there were two teams almost equally good. At the tournament many strangers asked which men belonged to the first string and which belonged to the second.

Mr. Reed's boys know what team work is. This coach developed a five-man aggregation and not individual stars. He required strict training rules. The boys were never fatigued in a game, and they never murmured against training because of the faith they had in their coach.

Mr. Reed makes a direct application of athletics to the future.

Fight Card Promises Thrills at Palace Tomorrow Night

Fight bugs will see real action at the Palace tomorrow night when Red McDowell clashes with Bob Miller, Northwestern University battler, in the windup bout, supported by an all-star card of six other very promising looking fights.

Ernie Jokinen will again be seen in action, this time against Joe Anderson of Belle Plaine. This is a return match. Joe Drinka is matched with Claude Murray, another Belle Plaine battler. Red Schneider meets Eddie Thompson of Jones' gym, in a return bout. Oscar O'Hannion, Waukegan, and Don Murdock, Belle Plaine, are

Pirates Are To Play Last Game in Wilmot on Sunday Afternoon

Wilmot Pirates won their first two games in the Tri-County tournament by defeating the Rehl Cigars of Racine 32-22, and the Racine Postoffice 37-19, but losing to the Racine Pure Milks, 20-21, because of their inability to sink free throws.

The Pirates will play two more games before winding up the season. They will terminate their home season Sunday and will have for their opponents either the Racine Pure Milks or another club that competed in the tournament.

One hundred and fifty fans journeyed to Kenosha to witness the combat with the Racine Pure Milks and it is expected that many will turn out to see the last game the Pirates will play on their home floor.

Tuesday evening the Pirates will journey to Delavan, Wisconsin, to play a return game with that club. Delavan recently won their district tournament, but were defeated here by the Pirates two weeks ago.

The basketball season being virtually over, plans are being made for the coming baseball season. Extensive training will begin as soon as weather conditions permit.

principals in the 108 pound event scheduled for third on the card. Ray Krug, Burlington, will be seen in a return match with Joe Nemmer, Lake Villa. Leonard Krug, Burlington, will do battle with Irish Pat Lowry, Belle Plaine, in the first preliminary. The show tomorrow night looks like it's going to be good.

LIVE STOCK SURVEY SHOWS SLIGHT GAIN

Future Farmers Plan Exhibits at Central States Fair.

According to the second annual live stock survey of the vicinity of Antioch, made recently by the Agricultural Department of the Antioch Township High school the average farmer of this section is now farming 107.2 acres, an increase of 3.7 acres over last year.

On this average farm are kept 3.8 horses, a slight decrease of one-tenth of a horse per farm as compared to last year. Tractors, however, are increasing in number.

Beef cattle are on the increase in this territory. There are now 3 head on this average Antioch farm, an increase of 1.8 over the past year. Several car loads of beef cattle are being fed here. Dairy cattle are holding their own pace. There are 15.4 head kept on this composite farm.

Swine have decreased by 4 per farm. There are now 8.1 hogs.

Sheep have shown a considerable increase over last year. There are now 14.3 where last year there were

12.9. Considerable work in improving the sheep of this section has been going on the past three years. It is sponsored by the Agricultural Department of the local school. This summer, the boys of this vicinity, will again show their sheep at the Central States Fair at Aurora.

The standardizing of the poultry breeds is a project that the Antioch High school had started in 1924. The work continues and at present the average Antioch farmer owns 133 hens where in 1928 he owned but 123.

The improvement of the dairy herds of Antioch is a project that has gained ground this year and an attempt will be made to have at least 5 calves shown at Aurora this summer.

School of instruction was held Tuesday afternoon and Tuesday night by the Antioch organization of the Eastern Star lodge. Miss Mable Griggs, Waukegan, was in charge.

Teachers from Antioch attending the teachers' meeting in Lake Bluff Saturday were W. C. Petty, Mrs. Charles Lux, Miss Elizabeth Touton, Miss Dorothy Patterson, Miss Ida Belle Harwood, Miss Ilus Royal, Miss Mary Hynek, and Miss Julia Strickler.

TELLING THE WORLD

Many communities and individuals of Wisconsin and Illinois have profited in recent years by telling through the medium of advertising the story of what they have to offer to residents of Chicago and the world at large. Many of the communities have real beauty spots, which in time will be known to even a larger number of people. Other districts have nothing in particular to offer, but even these districts have been "sold" at immense annual profit.

Advertising, the world's third largest business, is publicity as applied to salesmanship, and is as good for a municipality or the promotion of an idea, as it is for merchandising. The potency of advertising is illustrated by the following: during the 1928 resort season when there was a general depression throughout the nation because of the presidential campaign, the Dells and Twin Lakes showed a decrease in business, while other lake resorts showed an increase. The popularity of the Dells and Twin Lakes can be readily explained since both regions advertised extensively.

This favorable publicity, which secured for the regions remunerative returns, did not "just happen." The publicity programs were not presented as gifts. The advertising was directed intelligently and is cost money.

All of which brings to mind forcibly the golden opportunity that is within the grasp of the Northern Illinois Lake region. A well-directed advertising program such as is now contemplated and approved by the Antioch Business club and leading resort owners, will produce greater results for this community than have been attained for Kilbourn, Wisconsin, and other more distant places in Wisconsin or Michigan.

Antioch and its sixty lakes are only 55 miles from the loop, at the corner of Madison and State. The proposed publicity program will prove popular not only to this locality, but will be doing a favor to the thousands of Chicago residents who seek nearby places for recreation.

OASIS FOR BIRDS

Almost in the heart of Newark, New Jersey, a city of half a million inhabitants, there is an oasis for birds, which bids fair to become the most popular stopping place in the town for the winged visitors, as well as for the feathered folk who make the city their home for parts or all of the year. Incidentally, provision is made for the human residents who may care to come and sit for a time to enjoy the activities of the birds.

In a big walled garden at the rear of the Newark museum the Newark Bird club has provided a plot of considerable size with all sorts of berry bushes and small fruits with a small grove of nut-bearing trees not far away.

Birds in a large city, and a surprising number either make their homes in the towns or are rather frequent visitors, are often hard put to it to find food, especially in winter. Then, too, many birds apparently drop in for a rest on their migrations.

The Newark refuge, which not only provides food but also a large degree of shelter in winter, will also have a large bird-bath as soon as it can be erected. The screened pavilion, provided for persons who

desire to visit the refuge, is expected to attract many persons who seem to have the habit of carrying nuts and other bits for the birds. Perhaps no better place will exist in the city for feeding birds than the walled garden at the rear of the museum.

LEGION'S UP AND AT 'EM

Organizations often talk of what is to be done—sometime, in the future. The future usually never comes. Individuals are the same way. Always GOING to do something. But here is a least one organization in Antioch that doesn't talk long of plans until action is started. This organization is none other than the American Legion.

Friday brought to a close the flag contest which the local post conducted with the co-operation of the public schools and THE ANTIOCH NEWS. Questions were printed in THE NEWS each week for five weeks. The interest of the students in both the rural and local schools was surprising. Boys and girls would come into THE NEWS office several days before the paper was to be printed, and ask for the questions in advance.

County Superintendent of Schools, T. A. Simpson, wrote the following to Dr. G. W. Jensen: "For a first effort in an enterprise of this kind, I think it was managed very successfully. Your legion post and you deserve credit for undertaking the contest and in all similar undertakings I will be glad to serve you in any way."

Rural Fire Departments

"Farm fires in the United States," says a pamphlet recently issued by the Agricultural Committee of the National Fire Waste council, "cost from 2,000 to 3,500 lives every year and from \$100,000,000 to \$150,000,000 in property loss. At the minimum estimate the condition is appalling. It is more depressing because the waste to a large extent is needless."

"First of all, fire should be prevented by taking every possible precaution against the known hazards. But in addition to these precautions, each rural community can add to its security by the organization of a rural fire department."

"Rural fire departments are now in use in many of the country communities and are very successful. No longer in farm communities that have a well trained fire company with modern motorized equipment which can be called by telephone, does the farmer have to sit idly by and watch his buildings and their valuable contents—often his savings of a lifetime of hard work—go up in smoke."

"While much has been accomplished in providing farm fire protection in some states, much more remains to be done in this broad field. Nearly half the people of the United States live on farms or in small country towns and many of these localities still lack the protection of organized fire departments."

The official song of the rum runner is "Coming Through With The Rye."

Our idea of an uncomfortable individual is an automobile hungry man at the auto show without enough money in his pocket for the down payment.

The average man wants his son to be a better man than he is but not a better man than his wife thinks he is.

The tariff is now a burning issue in Congress and speaking as an ultimate consumer, so far as we are concerned they can put a prohibitive tariff on spinach and carrots.

A recent society event at Palm Beach was a beef-steak dinner. And it must be admitted that the present price of steer meat puts the beefsteak in the aristocratic class.

ELECTION NOTICE

NOTICE IS HEREBY GIVEN that on Tuesday the sixteenth day of April 1929, at the Village Hall, in the Village of Antioch, in the County of Lake and State of Illinois, an election will be held for the following: Viz:

One Village President
Three Village Trustees (full term)
One Village Treasurer
One Police Magistrate
Two Library Trustees (three year term.)

April first, 1929, last day for filing petitions with the Village Clerk which election will be opened at seven o'clock in the morning, and will continue open until five o'clock in the afternoon of the same day.

Given under my hand at the Village of Antioch the seventh day of March A. D. 1929.

HARRY A. ISAACS,
Village Clerk.

PUBLIC AUCTION

Having decided to quit farming, J. F. Wells and Son will sell at public auction on the premises located 2½ miles northeast of Wadsworth, 3 miles south of Russell, 4 miles west of Zion, on the Kilbourn road, Saturday, March 16, at 1 o'clock, 20 head of high grade Holstein cattle, (60 day retest given), 3 2-year old heifers, 3 heifers 4 months old, team good work horses, 5 pigs (weight about 200 pounds each), 2 geese, 200 bushels seed oats, 12 ft. silage in 16 ft. silo, 5 shocks corn, 5 tons mixed hay in stack, Fordson tractor, disc and plows, Gale corn planter, wagon, hay rack, cultivator, 75 ft. belt, tank heater, King Cream separator, 10-inch International feed grinder with bagger, 1000 lb. scales, grind stone, and other articles. Terms: All sums of \$25 and under cash. On sums over that amount a credit of six months will be given on bankable notes bearing six per cent interest. W. A. Chandler, auctioneer, and S. Boyer Nelson, clerk.

ADJUDICATION NOTICE

PUBLIC NOTICE is hereby given that the Subscriber executor of the estate of Susan Garland, deceased, will attend the Probate Court of Lake County, at a term thereof to be held at the Courthouse in Waukegan, in said County, on the first Monday of May next, 1929, when and where all persons having claims against said estate are notified and requested to present the same to said Court for adjudication.

GEORGE GARLAND,
Executor as aforesaid.
Waukegan, Ill., February 25, 1929.
Runyard & Behanna, Attorneys for the executor. (31)

The Old Grouch

BEING YOURSELF

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

I suppose we are all more or less imitators. We have our secret heroes whose exploits and accomplishments and particular methods and manners we try to reproduce in our play upon the stage of life, and we have pointed out to us by our mothers and our wives examples which it would be good for us to follow and models which we would do well to copy.

Bill Thompson was the model which mother selected for my ideal of conduct and accomplishment. If I could only be as good a boy as Bill was all would be well with me in this world and the next. If I could do my work as carefully and conscientiously as he did success would reward my efforts, and the way in which he helped his mother about the house was gratifying to all the neighbors. Bill and I never got on well together. I disliked him from the start and profited very little, I am afraid, from his noble example.

Nancy has pointed out to me often what wonderful manners Seth Taylor has—how careful he is with his teeth and his finger nails. They simply glitter with the high polish which constant attention gives them. And he is one of the most thoughtful and tactful men she has ever met. He doesn't make much of a hit with me in spite of his slick appearance.

I ran out to Chester when I was out West a few weeks ago, and we got to talking about his uncle who is a professor in one of the eastern colleges now—psychology or sociology or psychiatry he professes. The uncle has been abroad some and studied for a while in New England. He was born in Ludlow or Fisher or some near-by Illinois village and ran across the

prairies bare-footed like the rest of us. He used as much slang and bad grammar as any other native born and flattened his a's beautifully; but he picked up a wonderful manner and exaggerated New England pronunciation somewhere and is now no more like himself than Lindbergh is like Charlie Chaplin. He's a joke to anyone who knew him when he was a boy, for his manner and his pronunciation and his assumed erudition are a disguise which tends to hide his real self.

It's a mistake to try to be anyone else or to imitate anyone else. The great men of the world, no matter how little the world is in which they do their work, have been individual. They have gone at things in their own particular way. They have not tried to stifle their own personality or to camouflage it by pretending to be something that they are not.

I met Jimmy Dawson last May. Irish Jimmy is, with a sense of humor, the best everywhere in the world

MILLBURN

Mrs. A. G. Tordin, Mrs. Frank Edwards, Mrs. Leslie Bonner and Mrs. Gordon Bonner visited the Rondout school Tuesday.

J. S. Denman spent Tuesday in Chicago.

Mr. and Mrs. Lloyd Benwell and children, McHenry, spent Saturday at Edwin Denman's home.

Miss Alice Bauman, DeKalb, spent the end of the week at home.

Mrs. A. K. Bain spent Sunday with her sister, Mrs. Clarence Bonner.

Over fifty persons attended the Adult Bible class party Friday evening at the home of Mr. and Mrs. Gordon Bonner.

Officers and teachers of the Sunday school met at the home of W. A. Bonner Wednesday evening.

Mr. and Mrs. Charles Holdridge and daughters, Waukegan, spent Sunday at Lewis Bauman's.

Mr. and Mrs. George Beaumont and son, Kansasville, Wisconsin, spent Wednesday with their daughter, Mrs. Robert Bonner.

Seventeen men responded to the call for a wood-chopping bee for Millburn church, Saturday and about 12 cords of wood were cut and sawed in blocks. This wood was donated by the Ontonwaga club, undesirable trees which they wished removed.

Mrs. Peter Strang is spending a few weeks in Waukegan with her daughters, Mrs. Will Truax and Mrs. Tebbins.

ANNOUNCEMENT

I hereby announce myself as a candidate for constable. Your vote and support will be appreciated at the election April 2, 1929.

(34c) FRANK J. MASTNE.

Since I last saw him thirty years ago, He's met great men in all countries; he's a great man himself—rich and influential, but he's still at heart the same hearty, natural, unaffected Irishman I knew when he was a lad. He's himself.

WILMOT HIGH SCHOOL BASKETBALL QUINTET COMPLETES SCHEDULE

Will Go To Tournament In Watford March 21, 22, and 23.

Wilmot's basketball team completed its schedule on Friday evening, when it defeated Union Grove in Wilmot, 22-19. The season's schedule included 14 games and resulted in eight victories and six defeats. Wilmot defeated Richmond, Union Grove and Palmyra twice, shared honors with Williams Bay and Clinton, and was defeated twice by Watford and Genoa City.

The team is now being rounded into shape for the district tournament at Watford March 21, 22, and 23. Some of the teams entered in the meet are Watford, Genoa City, Morris Farm, Pewaukee, Neshanic Falls and Wilmot. If an alphabetical arrangement is used to decide the games, Wilmot will meet Watford on the opening day of the tournament. Watford has defeated Pewaukee, Genoa City and Wilmot in games earlier in the season. The team will see the majority for the Cardinal and White of Wilmot will no doubt be Raasch, Center, Bloss, and Bufton, forwards, and Loftus and Captain Madden, guards. The reserve material includes Jedeke, Lake and Gillmore. The games in the tournament will be the last high school games in the careers of Captain Madden, Deane, Loftus, Arthur Bloss, Lester Bufton, and Norman Jedeke.

The students and teachers of the grades and high school will enjoy a weeks vacation beginning Friday, March 22. School will be resumed on Monday, April 1, after which there are but 11 weeks remaining until the dismissal of school June 14.

Immediately after the Easter vacation work will begin on the class play. There are 14 members in the graduating class this year and as usual every member of the class will take part in the play. Committees are already busy on such commencement activities as the prom, class day and the commencement program.

Wilmot Items

Arnold Buschman, Twin Lakes, and James Carey attended a banquet given by the Antioch Business club Monday evening.

Mr. and Mrs. Arthur Holtdorf attended the funeral of Mrs. August Risch in Antioch Monday.

Mr. and Mrs. William Volbrecht entertained Mrs. Mary Hope and Miss Olive Hope for dinner Saturday evening.

Mr. and Mrs. Clayton Lester, Springfield, are spending a few days with Mr. and Mrs. R. C. Shottliff. Superintendent Ihlenfeldt visited the Randall school and called in town Monday.

Mr. and Mrs. Alfred Reynolds spent Sunday with Mr. and Mrs. Winn Peterson, Kenosha.

Mr. and Mrs. Harry McDougall and family spent Sunday with Mr. and Mrs. Gilbert Runkle, Wheatland.

Mr. and Mrs. Herman Frank and Miss Verna Zarnsdorf motored to Somers and Kenosha Saturday.

Mr. and Mrs. Clarence Holtdorf, Milwaukee, visited with relatives here over the end of the week.

Mr. and Mrs. Ross Schenning and children, Burlington, were Sunday visitors of Mr. and Mrs. John Nett.

Mrs. Richard Burton, Richmond, spent Saturday with Mr. and Mrs. Louis Hegeman.

Mr. and Mrs. John Hazelman and children spent Monday and Tuesday with Dr. and Mrs. Darby in Kenosha.

Frank Matern spent the end of the week with his mother, Mrs. Mary Matern.

Mrs. Henry Brinkman is seriously ill.

Mr. and Mrs. Martin Anderson and Andrew Wery spent Sunday evening with Mr. and Mrs. William Volbrecht.

Mr. and Mrs. Charles Kanis and family and Mrs. August Holtdorf motored to Burlington Sunday to see August Holtdorf, who has recently undergone a minor operation.

Earl Harm, Madeline Friedoff, Bernice Harm, and Mr. and Mrs. Herman Frank motored to Burlington Sunday to visit Mr. and Mrs. John Grabow.

Mrs. Walter Winn and sons spent the week end with Mr. and Mrs. L. Hegeman.

Mr. and Mrs. Philip Myers, Waukegan, spent the end of the week with Mr. and Mrs. Fred Beck.

Mr. and Mrs. Arthur Holtdorf motored to Kenosha Friday.

Mrs. Cella De Yet is entertaining her daughter, Mrs. Stella De Cross, Chicago.

Mr. and Mrs. Floyd Stoxen were entertained at dinner Sunday by Mr. and Mrs. Earl Thomas, Greenwood.

MRS. JENSEN IS COMMITTEE HEAD FOR KITCHENETTE

Equipment for the kitchenette in the new Antioch Grade school building is being obtained. A new electric plate stove, dishes and various utensils are now ready for use. Mrs. George Jensen is head of the committee in charge.

SALEM P.T.A. NAMES THREE COMMITTEES

Salem Center P. T. A. met in the schoolhouse Tuesday evening and was well attended. During the business meeting the following committees were appointed: entertainment, Mrs. James Campbell, Mrs. Frank Schultz and Mrs. Herman Schultz; refreshments, Mrs. Fred Stephens, Mrs. Joe Hilbert, and Mrs. Gallert; visiting, Mrs. Andrew Fennema and Mrs. Will Gallert. After the meeting games and stunts were enjoyed.

The P. T. A. will hold a card party at the home of Mr. and Mrs. Fred Stephens Friday evening, March 15. Five hundred and bunco will be played and lunch will be served.

John Schenck, Chicago, spent Wednesday with A. G. Hartnell.

The Priscillas met with Mrs. Lucia Stocker and Ada Bufton Thursday afternoon. The organization will serve the annual dinner at noon, March 16, in the church parlors.

Those on the kitchen committee are: Mrs. Olive Mutter, Mrs. Peter Olson, Mrs. Herman Schonscheck, Mrs. George Thomas, and Mrs. Mary Acker; table committee: Miss Ada Bufton, Mrs. Arthur Feldcamp, Mrs. Byron Patrick and Mrs. Orville Riggs.

Mrs. Kate Feldcamp, who has spent a week with her son, Lester Feldcamp and family, Kenosha, returned home Wednesday.

Mrs. Will Cook, Mrs. Will Riggs, Mrs. John DeBelle, and Mrs. O. Weaver attended the Salem Mound cemetery meeting at the home of Mrs. Tennesen, Silverlake, Wednesday.

Mrs. Newton Meredith spent Saturday with her parents, Mr. and Mrs. Evan Jones, Bristol.

The Priscillas will serve the annual dinner at the church next Saturday March 16, at noon. The menu: roast pork, mashed potatoes, applesauce, salad, escalloped corn, pickles, bread pie cheese and coffee.

The class in church membership met at the home of Genevieve Krahn Saturday afternoon. The next and last meeting will be held at the home of Helen McVicar Saturday afternoon, March 30, at 3 o'clock.

Miss Lydia Rorhorse, who has spent the last month with Mr. and Mrs. Harry Olson, Brighton, returned to the home of her sister, Mrs. Peter Olson Sunday.

Mr. and Mrs. Newton Meredith drove to Racine Sunday to visit Mr. and Mrs. Willard Blackman.

Mr. and Mrs. John Evans, Edward Evans, Howard Johnson, Spencer and Will Cull attended the farmers banquet in Bristol Saturday.

Josie and Jennie Loesch were guests at dinner Saturday evening of Mr. and Mrs. Grant Minnis and spent the evening with Kate Galles, Kenosha.

Louis Koehn had his tonsils removed at the clinic in Kenosha Friday. He returned home Saturday.

Mrs. Charlie Hermance, Richmond, spent Friday and Saturday with Mrs. Mary Acker.

Ida Jarnigo, Chicago, spent the end of the week with her mother, Mrs. Kate Jarnigo.

ANNOUNCES CANDIDACY

I wish to announce to the voters of Antioch Township that I will be a candidate for Supervisor at the election of April 2.

TREVOR COMMUNITY HAS TWO DEATHS DURING LAST WEEK

Mrs. August Risch, 60, and Clarence Schilling, 26, Succumb.

Bertha Anna Louise Gulbrot was born in Germany in 1869. She came to America and located in Kenosha in 1891 where she was united in marriage to August Risch in 1892. They made their home in Kenosha until 20 years ago where they purchased a farm near Liberty corners.

Three children were born to this union, two sons, Emil, who is married and lives in Antioch; Frank and one daughter, Hattie, are at home. Mrs. Risch died Friday after an illness of three months. She leaves her widower, three children, one sister, Mrs. Alvina Splinter, Oregon; two brothers, Richard and Franz, Germany; and one step-brother, Henry Minkie, Kenosha. The funeral services were held at the home Monday with the Rev. Jaster in charge. Interment was in Liberty cemetery.

Funeral services of Clarence W. Schilling, son of Mr. and Mrs. William Schilling, Trevor, were held Tuesday morning, March 5, from the Holy Name church, Wilmot.

He was born in Kenosha, October 29, 1903. He was educated in the Kenosha schools and later held a position in the office of the Simmons company. Those from Kenosha who attended the funeral services were: Mr. and Mrs. Raymond Schilling and daughter, Mrs. John Schilling and son, Walter; Mr. and Mrs. William Boldt and son, Robert; Albert Schilling and daughter, Gladys; Mrs. Charles Schilling, Mr. and Mrs. Harry Schilling, Mr. and Mrs. Irving Schilling, Mr. and Mrs. Gust Rohnow, Mr. and Mrs. George Rohnow, Mr. and Mrs. Greening, daughter and son; Mrs. Frank Lambercht, the Rev. and Mrs. Miller, and Mrs. Ed Guitting.

Funeral services were held at the home of Mrs. Henry and Nick Schumacher, Andrew Blitner and Carl Oetting.

Trevor Briefs

Mrs. George Brown, Bristol, visited the Patrick sisters Tuesday.

Mr. and Mrs. Z. Wiles, Camp Lake, canvassed this locality in the interest of the Salvation Army Wednesday.

Mrs. Richard Sawyer spent from Friday till Tuesday with Mrs. Julius Lingen in Burlington.

The Home Economics group met at Social Center hall Friday at 10 o'clock. Mrs. Patterhammer demonstrated the making of several fine dishes which were enjoyed at the noon meal.

The school children in the higher grade wrote examination papers Friday.

Mrs. Henry Lubeno, Mrs. Harry

Lubeno and Miss Sarah Patrick called on Mrs. George Faulkner, Wilmot, Saturday.

The Parent-Teacher association met in the hall Friday evening. After the general routine of business Mrs. Patrick read, "Abner Brown at the Clinic and Hospital." Mrs. Ambrose Runyard gave an interesting account of Corfe castle which was situated near her childhood home in England.

Mrs. Sarah Parham will entertain the Wilmot Workers at her home Saturday, March 16, at a 12:30 o'clock dinner.

Floyd Lubeno played basketball in the Wilmot gymnasium Saturday.

Mrs. Daniel Longman accompanied Mr. and Mrs. D. A. McKay and Miss Ruth Thornton to Kenosha, Saturday.

Mr. and Mrs. Henry Lubeno visited their daughter, Mrs. Charles Wyman, Chicago, Thursday and Friday.

Mr. and Mrs. Peter Schumacher and children, Chicago, spent the end of the week with the latter's father, John Mutz, Sr., and brothers, Ed, John Jr., and Walter Mutz.

Mrs. Charles Oetting, Mrs. John Geyer, Mrs. Alvin Moran and Mrs. Frank Moran were dinner guests of Mrs. Philip Lavenduski, Wilmot, Tuesday.

The Farmers' Institute held in Social Center hall Tuesday was interesting and helpful. E. V. Rial, county agent, Kenosha, gave a talk on the feeding of dairy cows. Mr. Rudolph, K. J. Froher, economics department, Madison, talked on milk marketing.

Mrs. John Geyer, sister, Evelyn, and Mrs. Henry Ernie were in Racine Thursday.

August Zulsdorf, Woodworth, called at the Charles Oetting home Thursday evening.

Owen Barhyte and daughter-in-law, Mrs. Charles Barhyte, visited the former's brother, George Barhyte, Saturday.

OBITUARY

Clarisa A. Barber, daughter of Harlow J. and Sophia Barber, was born near Toledo, Ohio, May 4, 1843, and passed on, at her late home in Antioch, March 7, 1929, at the age of 85 years, one month and 27 days. Mrs. Clark came from Ohio to Illinois at the age of four, and her home has been in Antioch township the last 81 years.

She was united in marriage to George Clark, Warren township, Illinois, July 4, 1861. To this union six children were born, viz., Mrs. A. O. Hesselgrave, Spring Grove, Mrs. James Todd, Richmond, Mrs. Jennie Sanborn, Ernest L. Clark, Mrs. William Arnsen and Mrs. Andrew Harrison, Antioch, who were in constant attendance at their beloved mother's bedside during her 13 weeks of illness.

There are 10 grandchildren, 17 great-grandchildren and five great-great-grandchildren, and one brother, Henry Barber, Waukegan, left of a family of ten children.

Mrs. Clark was reared in a Christian home where the family altar was always used and a member of the Christian church of this city, many years gone.

Of a very quiet nature and a lover of home and family Mrs. Clark lived much to herself. Her God and Bible were her comfort and stay.

The services were held at her late home Saturday. The Rev. S. E. Pollock, her pastor and friend of past years, spoke very beautifully from her chosen text in the Bible, the second epistle of Paul, the apostle to Timothy, the seventh and eighth verses.

Mrs. J. E. Stevens of Waukegan, sang two very fitting solos, and her beloved remains were laid to rest by the side of her departed husband, who passed on May 17, 1902.

Asleep in Jesus, Blessed Mother.

CARD OF THANKS

The family of Mrs. Clark wishes to express appreciation for the many kindnesses extended during the illness and after her death.

Dan Williams, Scout Kenneth Hill and Scout Clayton Bartlett will give talks on patriotism and Scouting. Dan Williams, Scribe.

CARLOAD ARRIVES

Six tractors, a carload of them, were unloaded by C. F. Richards, local implement dealer today. Were you one of those persons who commented as to the why and wherefore of the bright, new "motor horses?"

BUSINESS CLUB
SPONSORS HUGE
PUBLICITY PLAN

(Continued from first page)

of places of exceptional natural beauty, all readily accessible to five million people of the metropolitan area. This region is bound to progress even if you never spend a cent for publicity; but why not tell the world by advertising and speed up development? Correct appraisal and advertising, according to Mr. Knoff, is a sure-fire recipe for the successful development of a resort community.

Warns Against "Whoopie" Joins

Nothing will kill off resort business and make a region unpopular quicker than the toleration of places of questionable character, according to the speaker, while clean and wholesome amusement will have a cumulative effect in popularizing and producing real dividends in resort development.

The benefits of the advertising program of 1924 were recalled by Robert C. Abt, who was president of the club at that time. In spite of flood conditions that prevailed during the season, the lakes region experienced its most prosperous year, due to publicity, according to Mr. Abt.

J. C. James, who distributes thousands of maps of the region every year, presented a sketch of a circular or folder he had prepared, which seemed to meet with the approval of club members. Mr. James, far sighted as to the future needs of the chain of lakes, spoke of the conservancy district project and urged the organization of the territory when proper boundary lines could be established.

Carey Brings Facts and Figures

How the Twin Lakes region had experienced the greatest season in history, while nearby resort lakes had suffered a loss in patronage last year, was told to the group by James E. Carey, member of the Twin Lakes Chamber of Commerce. Mr. Carey attributed the increase in business to the fact that Twin Lakes did a modest amount of advertising last year. A display booth at the coliseum in Chicago last spring, the distribution of many thousands of folders and newspaper advertising brought a volume of resort business hitherto unknown to the Twin Lakes region. Mr. Carey says that the Twin Lakes chamber of commerce is thoroughly sold on the proposition that "it pays to advertise," and that a more extensive publicity program is being planned for this year. Mr. Carey showed slides of the outing show at the coliseum, and Mr. Knoff exhibited movies of Wisconsin's beauty spots. A. H. Franzen, cashier of the Fox Lake State bank, in a brief address, pointed out the benefits experienced in the Fox Lake region through advertising during last season.

Plan Program of Publicity

Definite action by the local business club followed the remarks of the speakers of the evening. Members present unanimously favored an extensive publicity program, including a booth at the Coliseum the week of May 6-11, the distribution of 30,000 folders and a schedule of advertising in the resort sections of Chicago daily newspapers. After some discussion as to ways and means, it was voted to make the entire publicity plan a private enterprise, to be carried out as such between the resort owners and business men, Chicago daily papers, and the promoter of the plan, the Antioch Business club sanctioning and sponsoring the program and giving every assistance, especially in the distribution of advertising. Selection of a promoter was next in order. A. M. Krali, secretary of the local business club, is the man unanimously selected for this responsible duty. Mr. Krali was instructed to name his own assistants in the project and President Kuti instructed the publicity committee of the club, H. B. Gaston, George Schlosser and J. C. James, to assist in an advisory capacity.

Work Now Under Way

Active work on the lake region's greatest publicity program, and the only extensive advertising plan undertaken here since 1924, is already under way. Resort owners and realtors who have been interviewed are enthusiastic over the huge publicity plan that will present the de-

Landscaping Program
Adopted by Twelve
States Thus Far

Twelve states have thus far adopted a definite policy on landscaping and beautifying highways.

Those states are California, Oregon, Oklahoma, Missouri, Michigan, Pennsylvania, Delaware, Connecticut, Rhode Island, Massachusetts, Illinois and Indiana. The 10 first named have passed legislation providing that the work and the acquirement of desirable adjacent property shall be performed by the state highway departments and financed as regular maintenance expenditures or from special funds and, for the most part, professionally directed and supervised.

The Illinois Highway department issues official permits for and supervises the beautification work done by local private organizations. The Indiana highway department has announced a policy of "systematic promotion and co-operation."

Thirty-three other states are committed to roadside improvements of some variety, while the remaining three states plan some activities in that direction within one or two years.

SOCIETY—PERSONAL

☒ ELECT CARL ANDERSON FOR CONSTABLE

WHAT PRICE SILENCE!

Settling arguments never has been a favorite amusement nor a serious business with Frank R. King, Antioch druggist. Not that the former mayor ever side-steps any important issues, but it did get on F. R.'s nerves a trifle last winter when he was a silent listener to many arguments over the weather, particularly just how many degrees below zero was the correct reading on the year's coldest days. Well, that kind of argument is all stopped, finished, and concluded so far as Mr. King is concerned, for he has purchased five large thermometers which he plans to place at various places along Main street. The Kemper-Thomas Co. of Cincinnati, Ohio, are the makers of these thermometers of guaranteed accuracy, and they sell at \$35 when purchased singly. Mr. King deserves something or other for his thoughtfulness. Maybe silence on the part of the Main street "weather men" is deemed sufficient reward.
